EC. Nos. 206293, 209351, and 256388.

Mr. Waller, my contact in Hamburg, reports that 206293 (Sponder) reported to the Commission Offices at Hamburg-Wentdorf about March 30 with a letter from the London friend which was supposed to clear everything. The letter had no letterhead and was deemed entirely insufficient by the DP Commission on the grounds that it could have been written by anyone. Sponder showed surprise but stated that he could clear this up in a short time. Nothing more happened until about two weeks ago when Sponder came to the Commission offices again and stated that he would have himself completely cleared in a short time by the CIC in Frankfurt. He stated that this would be done on his own initiative. The D.P. Commission meanwhile is waiting for the clearance which Sponder promised to produce.

E.C. No. 256388 has been completely processed by the D.P. Commission and is ready for transfer to the Consulate for visa consideration. The Consulate, however, is issuing no visas at this time due to stringent new security regulations that have been invoked in the past day or two. I am not familiar with the new regulations but Waller states that it is anybody's guess as to when the Consulate will be ready to proceed further. Since the Consulate is issuing no visas at present, the DP Commission will hold the case in its files until the Consulate is able to move forward again.

E.C. No. 209351 is one on which the security section at Hamburg-Wentdorf has asked the aid of the DP Commission Headquarters in Frankfurt. The applicant has several aliases and several other unnamed strikes against him which need explanation. Hamburg, therefore, by letter of April 12 asked the Frankfurt Headquarters to request the CIC in the American Zone to make an investigation of this case.

The CIC investigation has not been completed so processing is stopped until this report is in.
